

FINAL PROGRAM – Ferenczi 150th Anniversary International Conference

Ferenczi 150th Anniversary International Conference
Budapest, June 9–11, 2023

FERENCZI 150 BUDAPEST

ANNIVERSARY CONFERENCE

DIALOGUE between Theoretical and Clinical Studies ♦
 Patient and Analyst ♦ Psychoanalysis, Culture and Society

VENUE: Central European University • Budapest, Nádor u. 9. 1051 Budapest, Hungary

ORGANIZED BY the SÁNDOR FERENCZI SOCIETY in collaboration with the HUNGARIAN PSYCHOANALYTICAL SOCIETY and the FREE ASSOCIATION LISBON

CONFERENCE GOALS: Is it appropriate to hold an international conference when war is waging so close to Budapest? Sándor Ferenczi would certainly have answered this question in the affirmative. After all, he organized the 5th International Psychoanalytic Congress in September 1918 at the end of World War I. In this year, we are paying tribute to the 150th anniversary of Ferenczi's birth and of the founding of Budapest. Ferenczi's clinical and theoretical work and his influence in integrating the ideas of psychoanalysis into culture, the arts and social scientific thought have created potential for development like the integration of the former towns of Pest, Buda and Óbuda to form a world city. The theme of the conference, as we intend it, offers an opportunity to approach the current phenomena and challenges of the 21st century in the spirit of Ferenczi.
